

ZeroSoft Technologies

Located in India, we are a boutique software development company with primary focus on Web & Mobile App Technologies. We handle every aspect of project Lifecycle - from Requirements gathering, Process development and Architecture engineering to development, Graphic design, Hardware procurement, Testing and Ongoing maintenance.

Our primary client community consists of startups, Technology incubators and small to midsize businesses – organizations that are budget conscious but refuse to compromise on quality. We are able to maintain very competitive pricing by maintaining low operational overhead, employing only the most experienced, talented and versatile developers and utilizing proprietary frameworks and tools to significantly reduce development time and boost productivity.

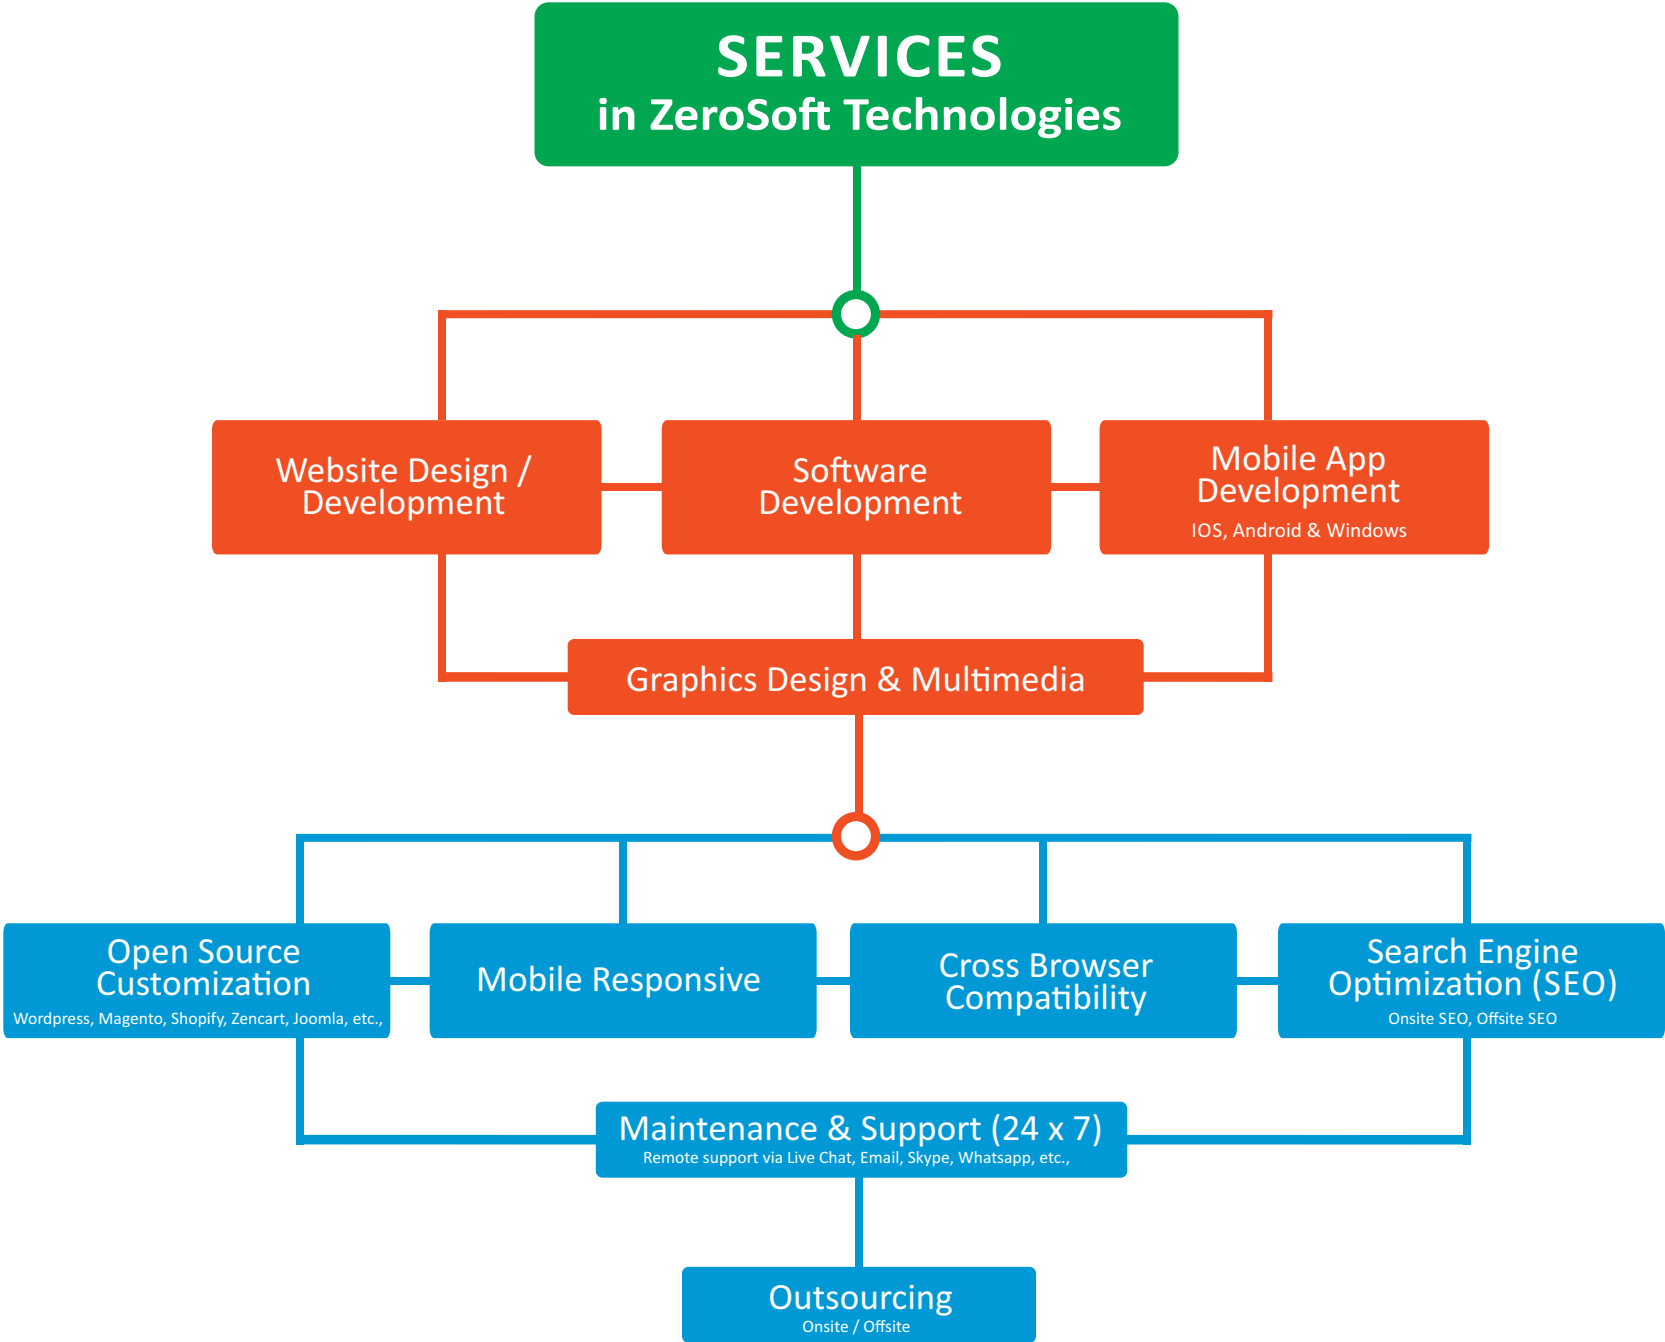

Our customer-base will always feel assured that they are having the latest technologies being utilized in the development of their projects for Web development (**Angular, PHP, .NET, HTML5, CSS3, React.js, Node.js, Python, Flutter, PHP Frameworks, Open Source CMS Platforms**). Mobile Application development (**Hybrid using Ionic Framework, Phonegap, Native Android, Native iOS**) and Data Entry Jobs. Also ZeroSoft understands the importance of having an application that runs properly by performing various tests on both web & mobile applications such as User & Manual Testing. And ensuring the application is running smoothly and as intended is critical to the success of any application.

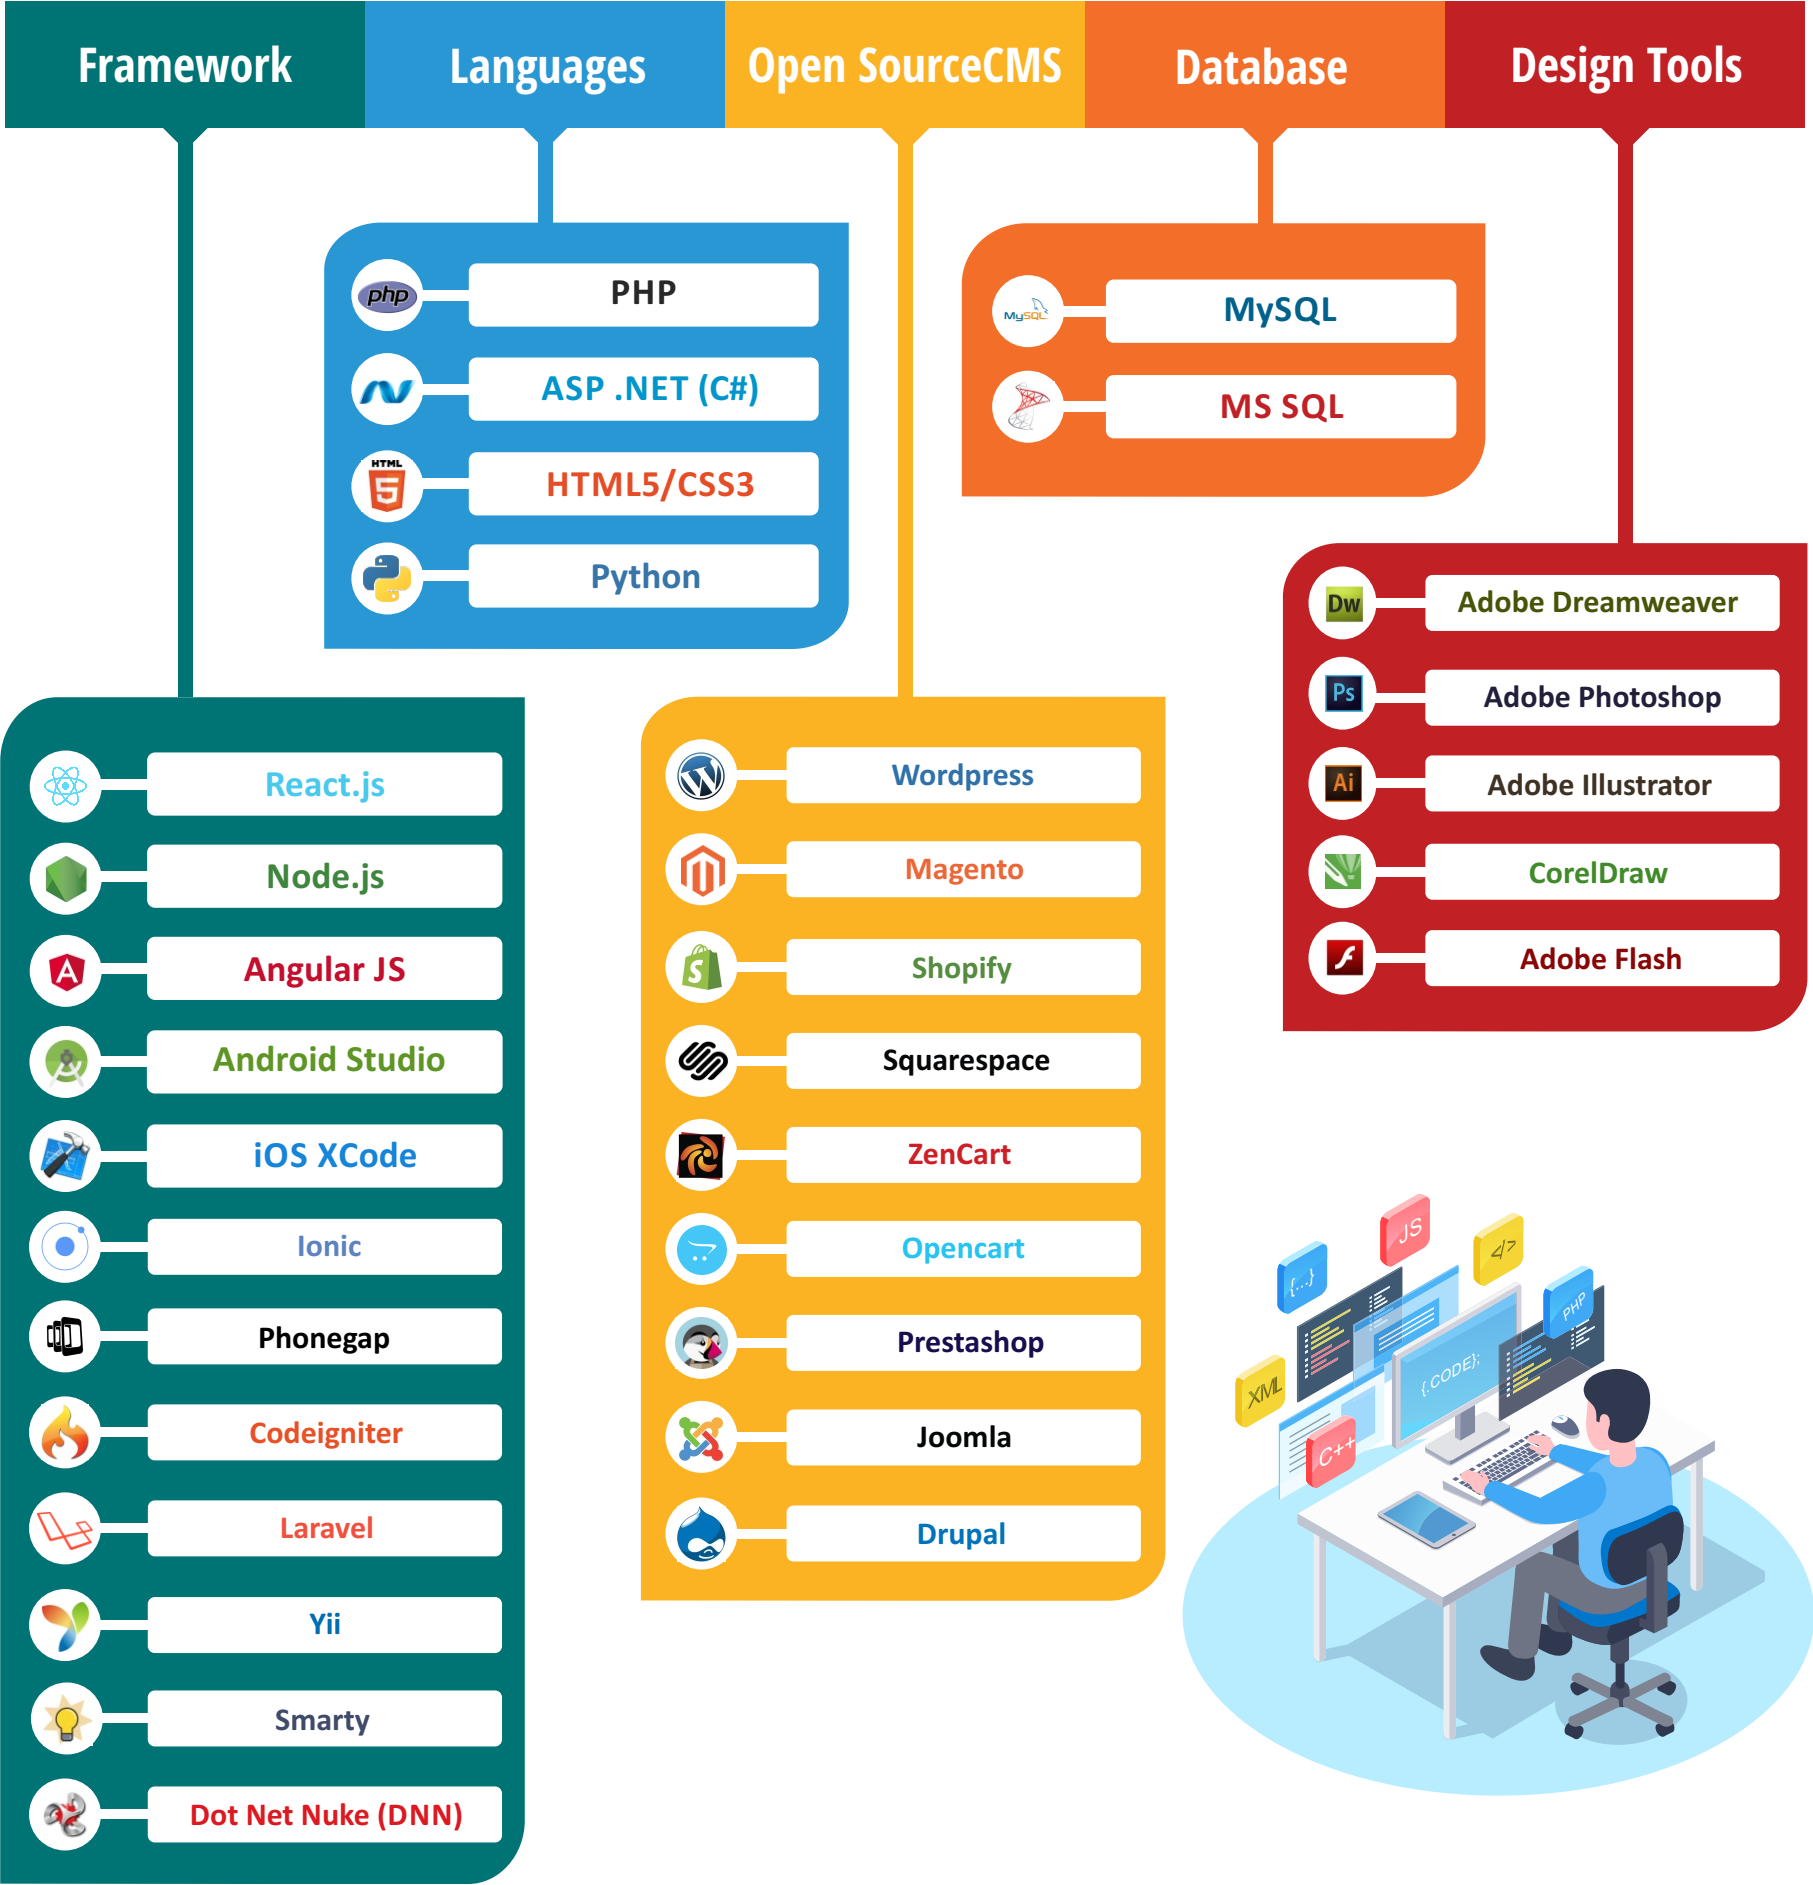

We provide: Our Quality, Integrity and Knowledge for a reasonable price. We have very strong software engineering processes. We have global operations across the world and have satisfied customers.

Innovative IT Solution

The World is converted into a global village. The political boundary is no anymore to limit our growths. We are in a global market with huge scope of products and services demand. To grow our business products and services, our globally appearance is necessary. The World Wide Web is the sure and shortest roots to admit global appearance. The ZeroSoft is in the position to coordinate at this junction.

We use this company almost exclusively for our internal designs. They are very talented, responsive and attentive to our needs/timelines. Very professional and highly recommend. **Chris I [CEO]**

I have used the Zerosoft team to help with many development issues big and small over the past year. They are fast and a good value. I will be using them again in the future. Thank you team for your effort! **Kristen P [BM]**

Zerosoft have been patient and attentive towards my requirements and workflow. I would highly recommend them and will definitely continue to work with them in the future. **Gregory F [CEO]**

Thank you so much for your team's effort and dedication. It was a pleasure to work with Zerosoft and should any future need occur I will contact you again for a new order. **Patrick Josef [CEO]**

Zerosoft team are great to work with. They are professional, patient and deliver to specifications. I highly recommend Zerosoft! **HL [CEO]**

With completion of a very complex website integration and coordination of payments and testing for our Shawneerct App developed by Zerosoft. **Bill Childers [CEO]**

Implemented security/Google reCAPTCHA for contact forms on two websites. Successfully did the work within 24 hours of receiving the project! Excellent communication throughout the project and handled themselves like true professionals. We plan to use Zerosoft for future web maintenance and development. Highly recommended. **Rich Rubin [CEO]**

Wow you guys are very good I am glad I found you. Keep up the great customer service. **Shane [CEO]**

Quick to respond, professional and goes the extra mile. Will definitely be working with them again. **James G [CEO]**

Does an excellent job of keeping you aware of progress, and work was completed quickly and thoroughly. **Mulloly [CEO]**

DATA ENTRY

Hired zerosoft for an initial test contract and they performed well beyond expectations. If you are looking to work with a quality VA that produces top notch work look no further! [Alex Kelly](#) [BM]

Zerosoft has been able to help create my companies website exactly how I wanted it. Although I have at times been unable to express my exact design or function they have produced the end result we were seeking. We have developed a solid working relationship, I have been elsewhere but have returned for solid product zerosoft has given my website. [James C](#) [CEO]

Zerosoft Technologies did a great job adding logic to my website that I required. Even when I changed the requirements in mid-stream they adapted quickly and came through perfectly. They communicated very effectively throughout the entire project. I give them a 100% rating. [Ed Mullen](#) [CEO]

Zerosoft Technologies is a company that did an excellent job on our website development. Good smart professionals. [Cosme](#) [CEO]

Working with Zerosoft Technologies has been a joy! The communication and responsiveness to project demands has been excellent. [Chuck Wilson](#) [PARTNER]

Great and knowledgeable team I love working with this group of developers, they are prompt and do awesome work! We will do more business together, I highly recommend! [Matt Dean](#) [CEO]

It has been a really good experience working with Zerosoft. They have been easy to work with coordinate changes and updates, while developing my app. I would highly recommend this company for anyone who has any IT related projects. [Ken](#) [OWNER]
